TronProm is a decentralized, community-based, 100% fair, and smart contract-verified investment platform. It's also the safest investment platform available.

Why Earn with TronProm

TronProm isn't run by a human, CEO, or company — it runs exclusively on a blockchain. Once uploaded, it can't be edited by anyone — no company or individual has any control over the funds and distribution, which means it's made entirely for the people. Continue reading to see how TronProm guarantees returns.

TronProm has a 3-level referral program and a daily automated referral contest that guarantees a stable income. Your AI project's exposure increases as more people join TronProm, leading to increased advertisement revenues. TronProm is a decentralized, community-based, and smart contract-verified investment platform — its growth benefits you directly.

Once the TronProm smart-contract is published on the TRX blockchain, it can't be modified by any individual or administrative body. Participants can rest assured that their funds are perfectly secure. Our smart-contract code is transparent — anyone can verify our platform's honesty and integrity.

Investment Conditions

The TronProm platform has been designed for optimal stability and profitability. For every 1 million TRX on a smart contract balance, the system will automatically add 0.1% on all user earnings. As such, if the TRX smart contract balance is 10 million, the users total daily profit will be 1% or more. Basically, your earnings increase with the project's popularity.
